

Session 2017-2019

Allied Health profession students – practical placement expenses claim form

Please read the notes below carefully before you fill in the form.

General guidance

You should fill in this form if you are taking a course in one of the Allied Health Professions (AHP), and as a necessary part of your course you have to go on a practical placement away from your university. If this applies to you, and you have extra travel or accommodation costs when you are on placement, use this form to claim them. We do not pay normal daily travel expenses to your university during term-time. **We must receive your claim within 6 months of your placement end date or we will not be able to pay your expenses.**

The Section C **must** be signed by you and Section D of the form **must** be countersigned by the designated signatory at your university or we cannot accept the form.

All students – you can only apply if your household income is below £34,000.

Continuing students – if you started your AHP course in 2012-2013 or earlier, you can still apply if your household income is £34,000 or above, as long as you received placement expenses in 2012-2013. You can also apply if you would have received placement expenses in 2012-2013 had you been eligible to apply (for example, if you were not on a placement year).

Travel expenses

We will not normally pay the cost of air fares, parking fees, taxi fares, tips, carriage of luggage, and food and drink for the journey. We will only pay air fares where you can prove that the air fare is cheaper than other transport.

We normally pay travel expenses based on the cheapest fares available. Wherever possible, you should take advantage of season tickets, zone cards and student railcards. If you have to buy a railcard or coachcard in order to get the cheapest fare, we will repay the cost of the card. If you are unable to use public transport, please tell us why. In certain circumstances, we may pay a maximum of 40 pence each mile to cover the costs of using your car.

Accommodation

The maximum we can pay for accommodation costs while you are on placement is £10.08 each day (£8.57 during the summer outwith term-time).

You should send the form to us, along with receipts if you are claiming for extra accommodation costs, as soon as possible after your placement finishes. We will pay any money due to you straight into your bank account.
