1 IN SCOTLAND

We fund a number of full-time courses at approved Scottish private colleges and training providers. Eligible students can apply for the same living cost support as any student attending a publicly funded college or university.

The only difference is the level of tuition fees we pay, which is £1,205. It is likely that they will charge you a higher rate of tuition fee than £1,205 if you attend a private training provider so you will need to make your own arrangements for the balance of tuition fees.

If you study at a private college or training provider in the rest of the United Kingdom then we may also provide funding.

If the course is eligible then you can apply for the normal living cost support. You can also apply for a tuition fee loan up to £6,165 per year. This is to help with the cost of your tuition fees.

Please contact us to find out if your course is eligible for support.
